## POLYGUARD'S MECHANICAL DIVISION LAUNCHES NEW WEBSITE

ENNIS, TX – Polyguard Products Inc.'s Mechanical Division announced the launch of a new website – [www.polyguard.com/mechanical](http://www.polyguard.com/mechanical).

The new site is complete with product listings, news and information, videos and other tools visitors can use to find information on the variety of cutting-edge products created by Polyguard.

"We're excited about modernizing our website while also making it more user-friendly," Vice President of Mechanical Products Patrick Dunn said. "As we continue to add products, this site will continue to expand while maintaining its clean look and we are committed to providing as much information to our customers and potential customers as possible."

Some features of the new site include:

- Easy-to-find videos, literature and descriptions of our product offerings
- A user-friendly search tool
- Mobile and desktop viewing capabilities
- Current news regarding our Mechanical Division

Founded in 1953, **Polyguard Products** specializes in products which protect surfaces and structures from moisture, water, or other undesired substances. Polyguard is an industry leader in the production of self-adhesive protective membranes for engineering and construction. Polyguard is also a 100% employee-owned company with 23 consecutive years of sales growth.
